### **Our Company:**

Semler Industries, Inc. was founded in 1905 and remains a family owned and operated business. We provide a close-knit family culture and value our employee's loyalty and experience. While some of our employees have been with us for over 40 years, we place high value on creating a welcoming environment for our newly hired employees.

We serve a variety of long-standing, but evolving, markets and are not only driven to innovate new products for the industries we serve, but also to penetrate new markets with customer oriented solutions to the challenges they may face. Our products include equipment that transfers, measures, stores, and purifies liquids for a variety of industries including:

- Aviation
- Pharmaceutical/Medical
- Food and Beverage
- Chemical Production
- Fuels and Lubricants
- Power Generation
- Fluid Recycling and Environmental Clean-up

Our client list includes industry giants such as:

- Southwest Airlines
- United Airlines
- Miller Brewing
- Caterpillar International
- And many, many (400+) more...

Our recent history has had high-growth, which is expected to continue for years to come. We can offer potential career advancement opportunities for those who perform exceptionally, meet and exceed performance goals, and demonstrate a team mentality through personal accountability and responsibility.
