

GROUND SUPPORT EQUIPMENT

POTABLE WATER CABINETS

Semler's Potable Water Cabinet makes filling aircraft with clean drinking water a quick and easy process. Our durable PWCs can withstand both warm and cold weather climates. With several different models and customizable options, there is a configuration that will fit every need.

POTABLE WATER SERVICE NOZZLES AND HOSES

Built to withstand the rigorous duty of the aviation ground support environment, Semler's nozzles and hoses are manufactured for durability and convenience.

PRECONDITIONED AIR HOSE AND REELS

Preconditioned Air (PCA) systems are essential for airports. The ability to heat or cool aircraft efficiently and economically during boarding and deplaning is crucial. Semler offers a variety of PCA Hoses and Fittings to ensure that Preconditioned Air operations are a breeze.
