

## FUEL MAINTENANCE EQUIPMENT

### Why?

There are many things that can threaten the quality of stored fuel and the engines that use it.

- Water
- Sediments
- Sludge
- Phase separation

Semler's PetroPolisher™ systems are engineered to remove these threats efficiently. Keep your fuel within specification and extend the life of it with routine maintenance.

## High Volume PetroPolisher™

**Ideal for  
high volume  
commercial  
and retail  
applications**

PPS100-A01  
Model Shown

### STANDARD PACKAGE

- 3-stage filtration
- Professional grade construction
- Air operated, self-priming pump
- Variable-speed flow control
- High-capacity filters for water and solids removal
- Duplex pre-filter housings for continuous operation
- Robust suction and discharge hoses
- Pressure gauges for vessel monitoring
- Water reduction to 15 PPM
- Can meet ISO specification 18/16/13
- Rate-of-flow meter

### OPTIONS

- Flow rates 15 to 200+ GPM
- Electric or hydraulic motors, gas or diesel driven engine
- Coarse or fine filter efficiency
- Automatic shutdown on high filter differential
- Enclosed trailer or open trailer units
- User interface with real-time operating parameters and alarm condition outputs

## Semler's Fuel Polishing Systems

*Basic styles shown below*

### **PetroPolisher™ Cart**

*Ideal for small  
to midsize tanks*

### **PetroPolisher™ Stationary Unit**

*Ideal for stationary 24/7 applications  
for stored fuel (new or existing)*

### **PetroPolisher™ Cart 23**

*4-wheel cart is ideal for small  
to midsize tanks*

### **Enclosed PetroPolisher™ 10**

*Permanently mounted unit  
for an outdoor tank to  
withstand the elements*

### **PetroPolisher™ Skid**

*Ideal for  
mobile truck  
and trailer  
mounting*

**Do you have a unique  
situation? Many of  
our customers do.  
Our engineering team  
can design a custom  
unit that fits your needs.**

Semler Industries brings over 100 years of meeting customers' demands and 50+ years serving the petroleum and chemical markets together to meet the fuel polishing needs of our customers. We provide custom systems for mission critical applications, generator service companies, and anyone in the marine, transportation, mining and agricultural industries who rely on diesel fuel. From portable 2-wheel carts to permanent/automated units, everything we do is focused on maintaining the quality of the diesel, and making it easy for you to handle.
