

FUEL MAINTENANCE EQUIPMENT

Why?

There are many things that can threaten the quality of stored fuel and the engines that use it.

- Water
- Sediment
- Sludge
- Phase separation

Semler's PetroPolisher™ systems are engineered to remove these threats efficiently. Keep your fuel within specification and extend the life of it with routine maintenance.

Portable Fuel Polishing System

This unit is
ideal for small
to midsize
tanks

DIMENSIONS

Height: 42"

Width: 24"

Length: 30"

Weight: 230 lbs

STANDARD PACKAGE

- Durable and reliable self-priming Blackmer 23GPM pump
- Electric motor (TEFC) (120V, 20A circuit needed)
- Portable, heavy duty, 4-wheel cart design
- Compact design is lightweight and fits through doorways
- Clear hose for visual confirmation of fuel clarity
- Accepts particulate-capture, water absorbing, or coalescing elements
- Heavy duty 25' cord with plug
- 30' braided grounding cable with clamp
- Designed for initial water and heavy debris removal before second stage polishing
- Simple on/off operation
- Stainless steel base serves as a drip tray

Semler's PetroPolisher™ 4-Wheel, 2-Stage Cart

PPC23-DI-EM11 Model shown

OPTIONS

- 35 GPM model on same cart
- Variable speed motor
- Explosion proof motor
- Air operated pump
- Higher capacity bulk solids housing
- Off-road casters
- Coarse or fine filter efficiency
- Automatic shutdown on high filter differential

Semler's Fuel Polishing Systems

Basic styles shown below

PetroPolisher™ Cart

*Ideal for small
to midsize tanks*

PetroPolisher™ Stationary Unit

*Ideal for stationary 24/7 applications
for stored fuel (new or existing)*

PetroPolisher™ 100 GPM

*Permanently mounted, automated,
and trailer mounted units for high
volume tanks*

Enclosed PetroPolisher™ 10

*Permanently mounted unit
for an outdoor tank to
withstand the elements*

PetroPolisher™ Skid

*Ideal for
mobile truck
and trailer
mounting*

Do you have a unique
situation? Many of
our customers do.
Our engineering team
can design a custom
unit that fits your needs.

Semler Industries brings
over 100 years of meeting
customers' demands and 50+
years serving the petroleum
and chemical markets together
to meet the fuel polishing
needs of our customers.
We provide custom systems
for mission critical applications,
generator service companies,
and anyone in the marine,
transportation, mining and
agricultural industries who
rely on diesel fuel. From
portable 2-wheel carts to
permanent/automated units,
everything we do is focused
on maintaining the quality of
the diesel, and making it
easy for you to handle.
