## ***Systems Fabricator***

**Objective:** The Systems Fabricator builds and assembles custom-designed, high quality liquid handling and fluid purification systems. This position requires good mechanical practices and craftsmanship to meet and exceed customer expectations in regards to quality and performance.

### **Accountable For:**

- Using piping, electrical wiring, and other mechanical practices and skills to complete all assemblies per engineering drawings, designs, and directions from the Production Engineer/Plant Manager and Engineering department.
- Performing all work in a safe and efficient manner to complete jobs within the estimated number of labor hours as determined by the Production Engineer/Plant Manager.

### **Minimum Requirements:**

- Education / Work Experience: High school diploma or GED with some trade school coursework. Will consider work experience in lieu of education. \*

***\*While there is a minimum requirement of mechanical training or equivalent in work experience, we do provide training and assistance in particular techniques to allow you the opportunity to learn new and improve upon existing skills.***

- Working knowledge of shop math and ability to use measuring tools.
- Ability and comfortability using handheld power tools.
- Strong mechanical aptitude.
- Reliable transportation and availability to work required schedule.
- Knowledge and experience with TIG/MIG welding is a plus but not necessary.

### **Compensation and Benefits:**

- Competitive starting salary
- Paid vacation and sick time
- 401(k) and profit-sharing plan
- Health, dental, and vision plans
- Short and long-term disability insurance plans
- Life insurance / Voluntary Life insurance
- Critical Illness / Accident Insurance

### **Our Company:**

Founded in 1905, Semler Industries is a third-generation, family-owned business located in Franklin Park, IL. We pride ourselves on designing and building custom equipment that transfers, measures, stores, and purifies liquids across several industries including transportation, pharmaceutical, and food & beverage.

We have employees who have been with us for 40 plus years who possess irreplaceable knowledge about our products, processes, and customers. We are also constantly searching for and hiring new talent that brings fresh perspective and innovation to the company. Bringing the two together, we've created a close-knit culture that serves to benefit everyone.

We have consistently seen year-over-year growth and expect that to continue for years to come. There are opportunities for career advancement for those who meet and exceed performance goals and demonstrate a team mentality through personal accountability and responsibility.

***Semler Industries is an equal opportunity employer.***
